

November 15, 2023

**Board of Directors**  
**Morris County Appraisal District**  
**Daingerfield, Texas**

We have audited the statement of assets and liabilities arising from cash transactions and the related statement of receipts, disbursements and changes in cash of the Morris County Appraisal District's Collection Fund as of and for the year ended September 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 30, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1-C to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2023. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No material misstatements, either individually or in the aggregate were noted.

*Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

*Management Representations*

We have requested certain representations from management that are included in the management representation letter dated November 15, 2023.

*Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Respectfully,

**Arnold, Walker, Arnold & Co., P.C.**

## INDEPENDENT AUDITOR'S REPORT

**Board of Directors**  
**Morris County Appraisal District**  
**Daingerfield, Texas**

### Opinions

We have audited the statement of assets and liabilities arising from cash transactions of the Morris County Appraisal District's Collection Fund (a tax collections agency fund of (Morris County Appraisal District) as of and for the year ended September 30, 2023 and the related statement of receipts, disbursements and changes in cash for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly the assets and liabilities arising from cash transactions of the Morris County Appraisal District's Collection Fund at September 30, 2023, and its receipts and disbursements during the year then ended on the basis of accounting described in Note 1-C.

### Basis for Opinion

We draw attention to Note 1-C of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Morris County Appraisal District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**MORRIS COUNTY APPRAISAL DISTRICT  
AGENCY FUND  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2023**

**NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES**

**A. REPORTING ENTITY**

The Morris County Appraisal District (the District) is a political subdivision of the State of Texas. It is responsible for the appraising of property for ad valorem tax purposes for each taxing unit that imposes ad valorem taxes on property in Morris County. The Morris County Appraisal District Collection Fund (the Fund) originated in 1984 when the District began collecting taxes for the jurisdictions. During this fiscal year the Fund collected for nine entities within the county. The Fund is governed by a board of directors chosen by vote of the governing bodies of the taxing jurisdictions in the District. Board members serve two-year terms.

**B. BASIS OF PRESENTATION -- FUND ACCOUNTING**

Agency (Collection) Funds are custodial in nature (assets equal liabilities) and do not involve measurement of operations and provide the most appropriate mechanism for accounting for assets and liabilities. The District's Collection Fund is used to account for the collection of ad valorem taxes, penalty and interest, and attorney fees collected for each taxing jurisdiction that has contracted with the District for collection.

**C. BASIS OF ACCOUNTING**

The Fund is accounted for using the cash basis of accounting.

**NOTE 2--LIABILITIES**

Liabilities of the Fund are comprised of collections not yet remitted to the various entities or accounts. These include:

- A. Due to taxing entities
- B. Due to others- Morris County Appraisal District General Fund and Attorney
- C. Escrows

**NOTE 3--SUBSEQUENT EVENTS**

Management has evaluated subsequent events through November 15, 2023, the date the financial statements were available to be issued. There were no subsequent events noted.
